

**Rianda House
April 2023**

Community & Connections:

- **Connected with Erika Tavakoli regarding Napa County Older Adult Assessment survey. She will be coming to Rianda House on June 9th to help individuals take/fill out the survey.**
- **This Friday is St. Helena's first Farmers Market and Pam and I will be there handing out the newsletter, information on NOAA survey, and promoting Rianda House! We will continue to be there the first Friday of each month.**
- **Tara Blakley from IHSS came by to meet with Maury and I - beginning June, we will provide a space for them to conduct their new hire orientations.**
- **I followed up with the participants from the focus group conversations that Robin and I conducted in March. We have approximately 3 programs and 1 field trip in place as of May/June based off of the feedback that we received.**
- **Maury and I met with Katelyn Hackett regarding Calistoga programs. We recently completed and submitted the Calistoga Grant and hope to provide programs to all Mobile Home Communities in the area.**
- **Gayle Davies (from Farmers Market & UpValley Family Centers) and I are having a discussion about a possible tech volunteer for Rianda House as well as a Chef demo at the Farmers Market. Mariano Orlando has volunteered to put on a demo in June at the Farmers Market. More info to come.**

Upcoming:

- **Robin connected with John Wilson - he is beginning a "Future of our Democracy" class beginning this week. This class is already at maximum capacity!**
- **Calistoga programs are very likely to expand if we receive a grant. Two instructors have contacted me with interest in teaching at the mobile home communities.**
- **We successfully hired a new Yoga instructor, Kaylee Hardin. She starts the first Tuesday in June and will have ongoing hour-long Yoga classes each Tuesday.**
- **A Genealogy class will start in June by Kelly Wheaton. This was a popular suggestion among both of the focus group conversations.**
- **I plan to have Tai Chi at Rianda House beginning in June on Mondays, so it will be offered at both Calistoga and St. Helena.**
- **Aspects of Spirituality will begin on June 5th and will be a 7-week course.**
- **Our first official "field trip" will be on June 9th with John Livingston. The field trip will be 6-hours in length, stopping at 6 different places including Angwin and Lake Berryessa. St. Helena Recreation Department is providing transportation (2 sprinter vans for a maximum of 24 people), and John Livingston will be giving a Geology Tour.**

- We are back on for having a group for the Alzheimer’s Walk in Yountville on September 9th. I have Carolyn Eisen coming out on June 22nd to give an overview of the fundraising event.

Around the House:

- Our first CPR/First Aid/AED training took place last Friday at Grace Church. All RH staff went as well as 2 greeters and 4 instructors.
- I have posted “emergency phone numbers” around the house: 911-non-emergency St Helena Police Dept, Fire Department & Poison Control.
- I started writing out an emergency preparedness plan for: medical/mental health emergency, earthquake emergency, fire emergency preparedness and general evacuation information. All notes have been sent over to Maury/Toni/Becky Jo/Robin to review. I would like to go over all this information with greeters and instructors by the end of June (goal).
- If we do happen to receive our full asked amount for Calistoga (10K), I would like to hire another part-time staff late-Summer so that we can implement much more programming there and start to expand in other towns as well (Yountville/Napa/Angwin).
